The Quality Experience (TQE)

The science of quality. The art of learning.

Jazmin Webster | Founder & Chief Learning Curator THE QUALITY EXPERIENCE, LLC

COMPANY OVERVIEW

The Quality Experience partners with HR and Operations leaders in organizations with complex, regulated operations to accelerate workforce readiness through intentional, human-centered learning design. We create learning experiences that help people contribute with confidence while delivering consistent, measurable business results.

CORE CAPABILITIES

- Workforce Readiness Assessments & Strategy
- Onboarding Transformation
- Human-Centered Learning Experience Design
- Competency & Capability Frameworks
- Performance Support Systems
- Learning Strategy & Governance
- Leadership Development, Workshops & Facilitation

DIFFERENTIATORS

- Blends the science of quality with the art of learning
- Bridges HR, Operations, Quality, and Learning
- 20+ years of global Learning & Development experience
- Deep experience in highly regulated environments
- Human-centered solutions grounded in measurable performance outcomes
- Sustainable systems designed to continue creating value after implementation

BUSINESS CHALLENGES WE SOLVE

- Slow time to productivity
- Inconsistent workforce performance
- Onboarding that does not build capability
- Compliance training that does not translate into performance
- Rapid workforce growth and organizational change
- Learning programs disconnected from operational outcomes
